4. Attention is drawn to the following rules:—

(1) No candidate will be allowed to enter the examination room unless he wears a clean and decent dress, and, in all cases where good manners require it, a suitable covering for the head, nor will he be allowed to keep his shoes on when they are shoes of English pattern, and socks and trousers are worn also.

No candidate suffering from any contagious disease will be admitted to the examination room.

(2) No candidate will be allowed to quit the examination room on any day until the expiration of half an hour from the time fixed for the commencement of the examination, and candidates arriving after the expiration of that half hour will not be admitted.

(3) No candidate will be allowed to re-enter the examination room during the hours of examination after once quitting it, nor to leave the room without firstly giving up his answer papers.

(4) Any candidate detected in speaking to, or in any way communicating with, any other candidate will be at once removed from the room, and the circumstances reported to the Commissioner.

(5) Any candidate suspected of having had recourse to malpractice of any kind is liable to have his examination cancelled and also to be debarred from appearing again for any of the examinations under the control of the Commissioner for such term of years as the Commissioner may think fit; or, if the Commissioner is not satisfied for any reason whatever as to the trustworthiness of his words, he may be required to undergo a re-examination on at some future date to be fixed by the Commissioner in any one or more of the subjects of the examination for which he appeared, his words or letters being determined on the result of such re-examination.

(6) No candidate will, in any manner, be allowed to take into the examination room his watch, stick, pen, pencil, compasses or papers of any kind. Any one detected in the violation of this rule, or having recourse to any such practice, will be removed from the room, and the circumstances reported to the Commissioner. (7) Candidates whose names are not in the printed list furnished to the Superintendent must submit a written declaration through the Superintendent, giving full particulars in regard to themselves and furnish such evidence as may be possible of their having applied for admission to the examination at the proper time and paid the prescribed fee. The answer papers of such candidates will not be valued unless it is clear that the omission of their names is due to a fault of theirs.

(8) Candidates desiring to change their place of examination without previous permission, or appearing at any table other than the one at which they ought to have appeared according to the plan published in the Gazette, must ask leave to have their papers valued in their results published. In all cases where permission has been granted, the superintendent or letter permitting the change should be produced for the satisfaction of the Superintendent.

(9) A candidate having completed his paper will rise from his table and remain standing until the Superintendent takes his answer papers. Any candidate wishing to ask any question of the Superintendent will pursue the same course, but will sit on a vacant bench in his place.

(10) Any papers sent up without the candidate's name and number affixed, will not be examined.

(11) Candidates will not be allowed to take any papers, except their question papers, out of the examination room.

The Standard Barometer and Thermometer are read at 8 A.M., 10 A.M., 4 P.M., and 8 P.M., and the daily means are obtained by the application of hourly corrections, deduced from twenty years' observations. The meters of the Thermometer is twenty-two feet above the level of the sea, and the receiver of the Rain Gauge is two feet from the ground. The wind, rain and general weather registered are for the current Civil Day—from midnight to midnight.

The total quantity of rain collected since January 1st is 91.48 inches, the average for the same period being 32.58 inches.
